*Fishnets: Last year, we switched to a new style of fishnet that is much sturdier and holds up throughout the season and are built to not rip. They are *Capezio Performance Fishnet Tights*. You will need to order these!!! I have attached a picture of what the packaging looks like to help as well. You can get these at the Theatrical Shop or Mark's Dancewear, or probably any dancewear supplier. I'm also fairly certain anyone who works at any of these shops will be able to help you if you tell them what you need. They are more expensive, but it will save you money and headaches in the end, because they really stand up against tears!

I also recommend ordering multiple pairs of tan tights, just so you have some on hand in case you get a tear or rip.

ALL SHOES & TIGHTS MUST BE ORDERED THROUGH THE STUDIO!

We must have a uniform look on stage for competitions, so all students must be wearing the exact same shoes and tights. Please see the receptionist to get your orders placed as soon as possible. No shoes or tights should be ordered through other vendors, such as the Theatrical Shop or Mark's Dancewear, etc. as they don't have the same style of shoes or tights as we do at the studio.

Thank you so much!

Mr. Jay
