

HI EVERYONE!!

Welcome to the 2020-2021 Superstars Season! Classes begin tomorrow, Tuesday, September 8<sup>th</sup>! We are excited to begin dancing, twirling, and tumbling again! We are hoping and praying for a season as close to normal as possible.

Our goal is to make the studio a safe place for everyone, so we have some new procedures in place. Please read them below:

### **Entering the Studio:**

- All students must wear face masks when entering the studio.
- The north doors are the ENTRANCE doors.

They have been marked with a color:

Blue for Studio A

Red for Studio B/C

Gold for Studio D

Please enter through the door that corresponds with their first class of the evening. Please wait in your car until the receptionist steps outside and holds up your studio color. The receptionist will have a colored piece of paper that corresponds with each studio colored door. Once you see your color you are welcome to enter.

*For example, the receptionist will take the blue piece of paper to the Studio A door and will step outside with that blue piece of paper. This will signal the students who have class in Studio A that they may enter the building.*

### **Upon Entering:**

- All students will use hand sanitizer outside each studio door.
- Teacher will then take the temperature of each student with the no-touch thermometer outside each studio.
- Students will not change their shoes in the lobby, but in the studio.

### **Class Time:**

- Students will have designated areas inside each studio to place belongings/bags and change shoes. These spaces are 6 feet apart.
- Dance floors are marked for dancers to know where to stand when moving. They are 6 feet apart as well.

- Studio D is marked off with 6-foot squares to help the younger students with spatial awareness. Students will dance in a square throughout class.
- Students can wear masks during class or take them off when they are in their 6-foot space.
- Staff will wear face masks the entire class and during transitions.

### **Exiting the Studio:**

- All students will use hand sanitizer before exiting.
- All students must wear face masks when exiting the studio.
- The south doors are the EXIT doors.

They have been marked with a color:

Blue for Studio A  
Red for Studio B/C  
Gold for Studio D

Students will exit from the back of the building.

### **Parents:**

- We WILL allow ONE parent to come in with PreDance and PreK class students for the first two weeks to drop-off student and help them get acclimated to their surroundings. Parents are required to wear masks.
- Unfortunately, parents will not be allowed to watch classes this year due not having enough space to appropriately social distance.
- Students can NOT stay between classes this year. If they have a half hour break between classes they will need to be picked up. We know it is not ideal, but we are trying to keep the studio as safe as we can.
- If classes are back to back, we will ensure student gets to their next class safely without exiting the studio's back doors.
- If needing to get fitted and order shoes and/or batons, please call the studio and we will set-up a time for you to come in during class sessions. At your appointment time, you can enter the studio to get fitted for shoes and/or batons. Masks are required.

We know this is a lot of information, but we appreciate your understanding and cooperation in advance. We just want to make sure we are doing what we can to keep everyone safe and healthy. We hope these steps will do the trick in making sure we have a safe and fun season! 😊

We can't wait to get started!!!
